DIRECTOR: WHITE HOUSE SITUATION ROOM

SUBJECT: THE MILITARY SITUATION IN SOUTH VIETNAM

25X1

The most significant fighting continues around highground positions south of Hue and in Quang Nam Province although bad weather and heavy casualties on both sides have toned down the action. The regional commander is increasingly disturbed by the lack of progress in retaking these positions and is considering rotating stronger units to seize these strategically important positions from which the Communists are able to direct artillery fire on important government bases and urban centers.
